**PRIVATE PROCESS SERVER
EXAMINATION DEVELOPMENT QUESTIONNAIRE**

The Certification and Licensing Division has contracted with a private testing firm, Comira, to conduct a practice analysis of Private Process Server for the purpose of developing a new certification examination. The purpose of the questionnaire is to identify the job tasks performed and the knowledge base needs to perform as a Private Process Server.

Your response will be kept confidential.
You will not be asked to identify yourself.
Your responses are a critical part of the new Private Process Server Certification Examination being developed.

The results of the questionnaire will be used to determine general areas of practice and identify topics that may be included in the examination.

Please access the questionnaire by going to:
